Words from the president.

Greetings Sponsors, supporters, members and friends. Our 2010 projects and events again was a huge success for our community and Kids Day of Fishing, Inc.

Even with the down turn in the economy and the decline In project funding we successfully completed 4 major events along with our Kids Day on the Bay to end a very successful year.

Team work is the key to success! "Lets go 2011"

#1 Fairfield Fishing Derby Civic Center Pond.

Our Fairfield event hosted by the Kiwanis Club of Fairfield (Wow) can't say enough for their crew as always right on target with the project, just as promised supplied Insurance for the event donated gift prizes and of course had some great volunteers to help us out the day of the event all I can say is Kiwanis Clubs Rock. Thank you.

Next I would like to give thanks to the City of Fairfield, Earth Day Organizers and Major Harry Price, his staff and supporters for giving us the opportunity to serve the kids in our community in addition bring light and lots of folks to the Earth Day Celebration.

With the support from the City of Fairfield and funding permitting we have high hopes of bringing back the The Fairfield Fishing Derby at the Civic Center Pond in 2011 along with the Fairfield Kiwanis Club as our event host group.

Special thanks again to our number one member Richard Scholl for his continued dedication to our mission and the youth of our community as our Rod and Reel set up chairman and events coordinator.

We could not do it without you Rich keep up the hard work and hats off to you. I would also like to spread some cheer to a special Gal to us all, Cora Scholl keep it up sweetie and stay strong, we love you and need you by our sides.

Thanks also to all who worked with us on this project and volunteered the day of the event. Volunteers are what empowers us to be a great organization committed to enrich the lives of the youth in our community.

#2 3rd Annual Travis Fishing Derby at the Duck Pond.

Again with the help and coordination of the 60th services And youth programs at the base we put together another Great event at the Duck Pond. 60th services stepped up to the plate and supplied food services, prize donations Sign up of kids for the event and helped us with a cash contribution towards our fish plant for the success of the kids to catch fish, and catch fish they did; we had lots of kids catching the fish and releasing them back in to the pond for another bite. I also enjoyed the day like kid in a candy store helping many kids with catching their first fish.

Special thanks to the Travis Air Force Base Wing Commander for attending the event and working with the kids. Also can't say enough for the volunteers from the base. 60th Services members, reservist and active duty members, working with our military is always a pleasure.

Again thanks Richard for the extra efforts getting things coordinated and ready to go for the show. We also had Several local UPS Cordelia Center drivers helping us out As well as many others including my brother Mark who helped us make this a day to remember for lots of special kids and families. In addition thanks Laurie Gaines for the Great photo shots helping us promote future events.

Wow, Stu and crew the Fairfield-Suisun Twilight Rotary Club, up to the plate again; can't say enough for their crew. These guys and gals really rock the house. Just as promised National Insurance, camp set up and tear down, food preparation through out the event; in addition this year the club brought in there own cook station and grill and some extra spice in the morning for Sunday's breakfast. The clubs specialty home made breakfast burritos and boy were they a treat. Another added treat for the kids From the Gals in the club, Smoores yum, yum, yummy. What a special treat by the fire. Hats off to the Rotary Club serving our youth.

This year Richard was able to help put together the Camp project and again our number one team member cant say enough for Rich this year except team work, commitment, dedication, extra effort and Just plane old hard work. Not bad for a retired guy.
